We, the Senior Class of 1972-73, wish to dedicate our 1973 Cowboy, not to anyone individual but instead to the many people who have helped see us through our days at WHS.

Throughout the years and especially this year we feel that we are greatly indebted to the people of this community, who have supported our many activities with their enthusiasm as well as their financial support.

We want to give special acknowledgement to our parents who have brought us through the difficult years of our lives.

Our gratitude also goes out to the people who are responsible for our formal education. These include the PTA, School Board, Booster Club, and, most of all, the teachers.

For these reasons we proudly dedicate this annual to you, the people who have helped us.

During the summer months when our minds were centered around things other than school, I am sure that you as students felt that time was working against you. Soon it would be time to engage minds to meet academic challenges that would be put before you during the 1972-73 school year. It has been a very pleasant year and I sincerely hope that in years to come you can look back and say that 72-73 was one of the best years of your formal education. From my standpoint I believe in and trust our student body. We shall always strive to present to our students a bag of tools and a book of rules which will enable graduates of Woodson High School to compete in the society in which we dwell.

Mathematics

Another year of your life has passed; let us hope that the year was not in vain and that you gained in knowledge and maturity. May the remainder of your life bring you joy, happiness, and prosperity; and may knowledge and wisdom be your greatest virtue, and faith in your companions your greatest gift.

*Dear Lill,
I guess this must be the final shut-down
for me, but for you it will be just
a vacation. I've enjoyed all

its very
Practice important — to you, me, and many
others. Thanks for the fun*

Dear Second-Cousin - This has been
 the best year ever, don't you agree?
 If it weren't for you I would probably
